

ACT PRESS RELEASE

Date of Release: January 2007

Advanced Charger Technology Announces New Drop-In Charger

Advanced Charger Technology (ACT), a leader in battery charger technology, announces its new i6P™ Six Bay Charger. This drop-in charger was designed exclusively for Motorola® IMPRES™ batteries. The ACT i6P™ Six Bay Charger offers:

- Versatile design to accommodate most Motorola® IMPRES™ radio batteries on the same charger.
- Conditioning charge at every charge to maximize the life of your battery.
- Rapid conditioning charge at every charge to maximize the life of your battery
- No interruption of battery service life with the ACT i6P™; since conditioning is done at every charge cycle. OEM chargers create extended down time for a battery via periodic deep conditioning at preset intervals.

*Motorola and Motorola® IMPRES™ are registered in the US Patent and Trademark Office. All other products or service names are the property of their respective owners. © Motorola Corporation. All rights reserved.
